### **PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT**

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

We are a Primary Care and GP support organisation, and are a Social Enterprise that is independent of but strongly aligned to the principles and values of the NHS, working for the benefit of local people and communities.

During the last year, we have worked hard to be a trusted partner providing services that support GP practices and Primary Care to truly make the biggest and most positive impact we can around improving health and well-being and tackling health inequalities in an ever changing health and social care system.

*(If applicable, please just state "A social audit report covering these points is attached").*

***(Please continue on separate continuation sheet if necessary.)***

**PART 2 – CONSULTATION WITH STAKEHOLDERS** – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

We have endeavoured to adapt what we do and how we do it to ensure we can achieve great outcomes with:

- individual practices – working alongside the Salford & Trafford Local Medical Committee (LMC) to establish a procurement hub utilising the economies of scale of 37 GP practices to secure the Salford Pound where possible whilst also being mindful of the need to reduce our carbon footprint.
- local Primary Care Networks (PCNs) – to support them to develop into mature networks of practices which supply mutual aid and collective decision making for their particular locality. This has enabled them to really drive the primary care agenda at the local / neighbourhood level whilst still leveraging their collective voice into the system alongside others such as the LMC.
- the CCG – to address City wide and system level challenges that we hope will tackle health inequalities, support the journey towards an integrated care system and to ensure we do this in a way that takes some of the strain off colleagues in practices.

*(If applicable, please just state "A social audit report covering these points is attached").*
